General News

Staff News

We would like to welcome Ian to our Bumbles team. Ian is the company Business Coordinator. You may see Ian at the nursery at times, he likes to get involved in the rooms and will support the management team with many different aspects of the day to day running of the business.

We would also like to introduce Tara. Tara is the new Deputy Manager at Aintree Nursery. Tara has worked here for four years, two of these in Baby Bees at Aintree Nursery and two years in Bizzy Bees at our Orrell Park nursery. Tara has a lot of experience working with children and will be joining the Bizzy Bee room alongside her deputy role.

Our new nursery pets

Most of you may know about the sad passing of our fish 'Big Bad Barry'. We have recently bought two new gold fish for our nursery. We have now named our new fish 'Bubble & Squeak', they have both settled in really well in their new fish tank and all the children have really enjoyed feeding them and coming to see them both swim around the tank together.

Parent Information

After a few years of not being able to host parents evenings we were finally able to do this and what a great turn out we had from it! The management and staff at Bumbles would like to thank all the parents /carers who were able to take the time after the meeting to fill in our questionnaire forms. We have received such amazing feedback from you all.

Baby Bees

This month in Baby Bees we have been having so much fun taking part in lots of messy play activities. The children were able to experience different textures such as sand, shredded paper and paint.

They created some beautiful pictures using paint and their fingers to make marks.

The children have also really enjoyed playing out in the garden in the sunshine and exploring all the different activities we have set out

Honey Bees

This Month our Honey bees have been focusing on mental health awareness week by taking part in outdoor yoga, by creating a happy atmosphere for the children. They absolutely loved taking part in this activity!

Honey bees have also been focusing on their mark making by exploring a variety off different tuff trays including a dinosaur themed one and also old mac Donald themed tuff tray we collected different items from around the garden including soil and twigs.

Bizzy Bees

This month Bizzy bees have taken part in lots of activities to develop our knowledge of mental health awareness week. We focused lots of our attention on talking about our feelings and how we can manage them. We explored stories such as 'Rubys Worry' and 'The Colour monster'.

We have also had lots of fun in the garden we cant wait to start planting our plants and to start gardening in our gardening area.

If you have any queries or questions, please contact Chloe or Tara in the office who will be happy to help.

Thank you for all your support,
Chloe, Tara and Staff Team
