- Halloween Fun Day - **31st October**

Staff Recognition 🏆

This month's Staff Recognition goes to Aimee from our Baby Bees room. She has had 100% attendance and punctuality. Aimee has been building up her confidence and has supported her colleagues and Room Head in both Honey Bees and Baby Bees, she has also followed policies and procedures correctly.

Thank you for your hard work and dedication.

Lending Library

We would kindly like to ask if you have any books that you no longer use or your child has grown out of, if you could bring them into the nursery for our Lending Library. We appreciate all your help and any donation of books will be welcome. Thank you.

Reading is an important part of our nursery life and listening to stories is an essential part of learning within the Early Years as this not only promotes a love of books, but it helps to develop a number of areas so please feel free to borrow a book from our Lending Library at any time!

Room News

Baby Bees

Baby Bees have been exploring lots of different animals and the environment they live in and the sounds they make. The children have been reading lots of different books about animals and learning new animal songs. The children have loved exploring the different textures used to make the environments that animals live in such as mud, water, and hay. The children enjoyed using the animal figures to make different footprints in the paint and shaving foam.

Honey Bees

Honey Bees have loved exploring all the different forms of transport from boats, cars, vans, planes and fire engines. The children enjoyed using paints, shaving foam and playdough to see the different track marks that different vehicles make as they pushed them through the different materials. The children also enjoyed going for local walks to see all the different vehicles around our community.

Bizzy Bees

Bizzy Bees children have enjoyed learning about all the different people in our community who help us from, a doctor, vet, hairdresser, police people, fireman and lollipop persons.

They have had lots of fun creating their own vets to look after the sick animals.

They also enjoyed learning about lifeguards and walking down to our local swimming baths and seeing a lifeguard in action.

Outdoor Learning

The children have had so much fun in the garden exploring the mud kitchen using all the different utensils while making lots of mud pies, creating their own food, using their imagination and playing with their friends.

We have had fun making our Dinosaur World, the children have loved watching it come to life and even helping dig up and pour the sand out.

Eco-School

The children have loved creating their very own Bug House using different recyclable materials. If you have anything at home that could be useful, such as stones/bricks, bamboo style tubes or sticks, we would all be very grateful if you could bring them in to help us along.

Our Eco-Committee has done an amazing job of helping to clear some weeds and litter picking in our wildlife area.

Parents Notice & Reminders

- Can I please remind all parents to make sure they are checking their child's bag to make sure there are not any items in there that could be a choking hazard.
- Can you make sure you are packing spare clothes/socks/underwear in your child's bags please, as we do not have enough spare clothes onsite when children need changing.
- Please arrive at Nursery by 5.45pm to make sure you get a handover from the staff so they are able to leave on time.
- Can we please remind parents/carers to make sure they are putting their phones away when entering the building. This is for safeguarding reasons.

Improvements and Purchases

Our Garden is looking a lot better, with the help of all the staff and parents, our Mud Kitchen has been moved to our Willow Area.

We are also creating a lovely Dinosaur World in the far corner for the children to embrace their imaginations.

Thank you!

We hope you enjoyed reading our Newsletter.

Thank you for trusting us to teach your little ones...

From Rachael and the Staff Team 😊🐝
